6. FIRM RENEWAL FEE WAIVER:

House Concurrent Resolution No. 71 (HCR71) adopted in the 2020 Regular Session of the Louisiana Legislature directs licensing agencies who meet certain criteria to suspend license renewal fees imposed on businesses based in Louisiana thru June 30, 2021. The Board reviewed HCR71 at its July 2020 board meeting and determined it would waive the firm permit renewal fees for all businesses this year.

However, all firms MUST renew their permit to be registered in Louisiana and practice public accounting for 2021. If your firm permit is not renewed by January 31, 2021, it is considered delinquent. Firm permits not renewed by February 28, 2021 will be expired and subject to a reinstatement fee of \$300 which is not waived.

By signing below, I am acknowledging that to the best of my knowledge the above information is complete and correct. I confirm that (i) if applicable, in order to perform services for Louisiana based clients, the primary engagement partner/CPA is either actively licensed in Louisiana or is actively licensed in a substantially equivalent state, and (ii) the State Board of CPAs will be notified in writing within 30 days of changes as required by the LA Accountancy Act (LAA) & Board Rules.

Firm Permit Annual Renewal Instructions

***** Filing after the due date does not extend rights to practice beyond December 31, 2020. *****

WHO MUST SUBMIT A FIRM PERMIT RENEWAL:

IN STATE CPA FIRMS - Every firm with an office or place of business in LA that uses the certified public accountant (CPA) title –or– performs attest services (i.e., compilations, reviews, audits, etc.) must renew the firm permit to continue practicing in Louisiana. This includes sole practitioners, part-time practitioners, partnerships, professional corporations, LLPs, LLCs and joint ventures/consortiums of CPAs or Firms. The **DESIGNATED FIRM LICENSEE**, a licensee with an active CPA certificate selected by the Firm, is responsible for submitting the completed form on behalf of all firm owners. A CPA who also has a separate part-time practice must also file a separate renewal for the part-time practice. An incorporated CPA or LLC whose corporation or LLC is a partner/shareholder/member of another CPA Firm must also file a separate form for his/her individual corporation or LLC.

OUT OF STATE CPA FIRMS (ones that do not have an office or place of business in Louisiana) - The Louisiana Accountancy Act (specifically R.S. §37:77) was **amended during 2016** to adopt what is commonly referred to as “firm mobility.” A CPA firm that does not have an office or a place of business in Louisiana but provides attest services in Louisiana is no longer required to hold a permit if the CPA firm meets the provisions set forth in the Louisiana Accountancy Act. Your firm should review the Louisiana Accountancy Act before deciding not to renew the firm permit.

Firms that were dormant in 2020 may choose to maintain and renew the Firm Permit if practice is expected to resume in order to avoid reinstatement fees in the future. But you should complete all items on the form, even if no services were performed in 2020.

If the firm’s practice has permanently ceased, you may CANCEL the firm permit. Complete the FIRM CONTACT INFORMATION section of the renewal form and mark “Cancel” on front of form and sign and return the form to us. Or, provide a letter with your signature requesting cancellation of the firm permit.

1. FIRM CONTACT INFORMATION

If there is a change in business entity or in the name of the business, the firm must submit a change of entity/name application to the Board for review. All supporting documents must be submitted with the application to change the entity/name. A Firm may only practice under the name that is registered with the Board. Misleading names are not permitted. [See R.S. §37:83(G) and Board Rules §1707(C) for more information]

2. ABOUT THE FIRM

Practice Type - Indicate the type of business entity of the firm.

A part-time practice is in addition to the principal employment classification indicated on your individual certificate renewal and is applicable if you offer or perform professional services for clients or to the public. A CPA Firm must have a permit even if it is a part-time practice.

3. CONFIRMATIONS

All confirmation questions must be answered by circling either "Yes" or "No".

Affiliated Entity: If there are "affiliated entities" associated with the firm include a list with names and ownership percentages of owners of affiliated entities. [The terms "affiliate" or "affiliated entities" refer to any entity related to or affiliated by ownership to the CPA firm and/or its owners, which offer in Louisiana or to Louisiana clients *professional services* or *products* related to the skills associated with CPAs, i.e., accounting, financial reporting, tax, finance, investment advice or financial planning, management advisory, or consultation. Refer to Board website for more information on the Affiliated Entities rule.]

4. SERVICES OFFERED BY FIRM FOR LOUISIANA BASED CLIENTS

All firms should respond for each service. If you are a firm within a firm, you are an incorporated CPA or single member LLC whose entity is an owner/member in another CPA firm and *client services are not performed directly by the solely-owned entity*, you should choose "other" and state that you / your firm does not offer services thru this entity.

5. ENCLOSURES & ATTACHMENT REQUIREMENTS

Using firm letterhead associated with the firm renewing, respond to all items listed in this section. If the item is not applicable, then respond by writing "Not Applicable."

6. FIRM RENEWAL FEES WAIVED

House Concurrent Resolution No. 71 (HCR71) adopted in the 2020 Regular Session of the Louisiana Legislature directs licensing agencies who meet certain criteria to suspend license renewal fees imposed on businesses based in Louisiana thru June 30, 2021.
